**Paul Brunton : A Search in Secret India** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Search in Secret India:

2 of 2 people found the following review helpful. Sincere and searingBy Dr.G.I can honestly say that this is the best travel book I have ever read. It is not any kind of national hagiography nor mere reportage, but rather a sincere and

searing look at an India that was and shall never be again. Anybody who loves and is interested in India must have this book on their shelves.0 of 0 people found the following review helpful. An exceptional gem of a bookBy heartsforloveAn exceptional gem of a book. Paul Brunton has unique spiritual karma to actually meet and stumble upon such great saints. They are quite rare even in India and this book is a wonderful education on the need for discrimination when vetting out a saint. So many tend to follow teachers who are not real mahatma's. His clear cut fast paced writing style is excellent.1 of 1 people found the following review helpful. CaptivatingBy Sylvia HawleyThis wonderful story, at first seeming so archaic, stuffy, arrogant, western . . . is more and more and more wonderful and then done. Naturally enough it belongs with available works of the great saint Ramana Maharshi. It does not seem possible that Maharshi is not still there to go and visit at Arunachala. Yet, it has been more than sixty years ago. Impossible and meaningless, that time. For new readers, the kindle version is without Brunton 's photos, so far as I can tell.

The late Paul Brunton was one of the 20th century's greatest explorers of and writers on the spiritual traditions of the East. *A Search in Secret India* is the story of Paul Brunton's journey around India, living among yogis, mystics, and gurus, some of whom he found convincing, others not. He finally finds the peace and tranquility which come with self-knowledge when he meets and studies with the great sage Sri Ramana Maharishi.
