And his descriptions of the states are spot on! I highly recommend this - whether you have visited all 50 or just a few!0 of 0 people found the following review helpful. In "A Southerner Looks at All Fifty" noted Southern humorist, Darrell Huckaby, delights his readers with his reflections on his family's odyssey that, over an eight year period, took Huckaby, his lovely wife, Lisa, and their three children, Jamie, Jackson, and Jenna to all fifty states. It will make the reader feel like they had been along for the ride--and will make them wish they had been.
