Elsa Ditmars : A Traveler's Guide to California's Beaches (California Renaissance Travelers) (Traveler Guidebooks) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Traveler's Guide to California's Beaches (California Renaissance Travelers) (Traveler Guidebooks):

0 of 0 people found the following review helpful. a colorful map - little detailBy MelisinlaThe free Maps you get from AAA will be of more use to you. There are short paragraphs of each region, but no specific information. The book is a leaflet and not very detailed at all.

Striking full-color guides. Bound in water repellent, film laminated covers. Extensive center-spread maps of the state highlights locations featured in each book. Special 8-pocket and 4-pocket lucite display racks available with purchase of the series.
