**Carl Shilleto, Mike Tolhurst : A Traveller's Guide to D-Day and the Battle for Normandy** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Traveller's Guide to D-Day and the Battle for Normandy:

11 of 11 people found the following review helpful. Great book.By Dr. DIf you're traveling to this area, this is the book you need. We used it to prepare for our trip to Normandy and found it to be exactly what we needed. It is small

enough to carry along and yet large enough to contain the information that you want to have handy.0 of 0 people found the following review helpful. ... if you have recently visited that area chances are good that you will enjoy this bookBy BiggyIf you plan to visit the Normandy region or even if you have recently visited that area chances are good that you will enjoy this book. If you're looking for extensive background information or an in depth analysis of the invasion, forget it. But, as a recent visitor, I thoroughly enjoyed this book. And, it's cheap,too.2 of 2 people found the following review helpful. small bookBy susanSeems to have been inexpensively produced with so- so photographs in black and white appearing periodically. The caption for the photos was not always beneath the image..not always easy to figure out.

This text provides information about museums, sites, memorials, statues and cemeteries in relation to D-Day and the battle for Normandy. It gives details of how to get to them and what to see, and with the aid of maps and photographs it gives the reader a comprehensive account of the major battles. It also helps the reader to understand what it was like to have endured the ordeal of combat through contemporary eyewitness accounts. The book covers the period from June to August 1944 when the allies stormed the shore, fought their way through the brocage country of Normandy, and eventually broke through the Avranches gap.

"Historically enlightening, rouristically informative, educational, thorough, and enjoyable..."
