5 of 5 people found the following review helpful. Great informative read. By Angela Isbell I enjoyed reading this book very much. The premise of visiting once a month kept me interested in where the author was going and what the were

doing on their next visit. As I am a Disney addict and a DVC member as well I was very interested in learning about some of the adventures our family has yet to partake in, since my next visit is scheduled for December and we will be doing a party night that was of particular interest to me. I very much enjoyed learning more about Fort Wilderness Campground as that is something I think we would like to try at some point.

What a good, easy read, plenty of good tips, I am jealous! What a great adventure she had for a year by visiting monthly. We gained insight, had so many memorable things happen.

This book was a God send for me, being a first time Disney go'er. I was able to navigate through the parks and even save some money. And enjoyed hearing that I was not the only one who had to convince a family member to enjoy. Of which he did.

Thank you, thank you

Month by Month with the Mouse

Every month for a year Amy Bashor drove, flew, or took the train from Savannah, Georgia, to Walt Disney World, sometimes solo and sometimes with her family, and she kept a journal of what she did, why she did it, and what she learned about getting the absolute max out of any Disney vacation.

The most important decision you can make when planning a trip to Disney is when you'll go. Each month has its advantages and disadvantages. Pick the wrong month and your pixie dust won't be as potent. No matter what month you choose, Amy provides advice and insights for enjoying your time at Disney World, with plenty of anecdotes drawn from her own trips.

A Year of Disney is no ordinary guidebook. It's a diary, a tips compendium, and a planning guide, all rolled into one:

How to survive the high cost, high crowds, and high humidity of a summer trip.
How to plan "mission-based" trips, such as meeting every princess or attending every live show.
How to avoid the most common mistakes that first-time visitors to Disney World always make.
How to use the little-known "Purple Box" to avoid having to pack the same items over and over for subsequent trips.
Enjoy Amy's many adventures in Disney World and follow her advice to make your own adventures just as magical.
