Nice map book, but I guess I'm too used to the BLM maps. Was hoping for a little more detail to find camping spots off the beaten track. If you're sticking to regular roads and sight-seeing, this is perfect for that.

About as good as it gets, though the colors denoting different types of public lands could be more pronounced.

By Todd Barrick
Though being a used book, it looks to be brand new. Much better than advertised.

Arizona's natural beauty and outdoor possibilities are known worldwide. Benchmark's Arizona Road and Recreation Atlas makes it easy to discover the best the state offers. Detailed maps have thousands of miles of backcountry roads and include trailheads, campgrounds, and hundreds of points of interest. Public Lands maps show hunting units and the Recreation Guide has the latest information on campgrounds, RV parks, golf, and boating.
