Lawrence Letham : Arizona (Best Hikes with Children) before purchasing it in order to gage whether or not it would be worth my time, and all praised Arizona (Best Hikes with Children):

0 of 0 people found the following review helpful. Great Hiking GuideBy Jeff PollakExcellent and well written book!3 of 4 people found the following review helpful. Great book, but it is missing some classic hikes for kids.By A CustomerThis book is too small. It doesn't have enough in it. It is missing Phoenix hikes with children like "Hole In

the Rock." There are no hikes listed for Phoenix except Camelback which is crazy. Everything is in the North and South. It would be best called "Best Hikes with Children in Northern and Southern Arizona. Phoenix is curiously omitted, and I know that there are many great hikes in Phoenix. 1 of 1 people found the following review helpful. Best Hikes With Children in Arizona By Lilsqual If you are a hiker and live or are going to visit Arizona....and have kids...get this book. Tells about the hikes..the length...if better for older or younger children and we found some hikes in there we had never heard of...must have!!

The only year-round guide to family hiking in Arizona. Includes national parks, state parks, and public lands Introduces children to cultural and environmental etiquette This guide takes families beyond Arizona's traditional tourist spots to conifer forests, painted deserts, and everything in between. In the diverse terrain, children will discover petrified forests, Native American ruins, and even Old West ghost towns. Complete trail descriptions with information on points of interest, flora and fauna, and campsite locations are complemented by easy-to-read maps.
