Collective : Arizona on My Mind (On My Mind Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Arizona on My Mind (On My Mind Series):

0 of 0 people found the following review helpful. Five Stars By Martin Edelen Love it! 12 of 12 people found the following review helpful. Precious memories if you don't live here! By Angry Rooster I'm lucky, I live in Arizona. My family lives in the UK and visited a couple of years ago. I was looking for a gift and wanted to send something from Arizona (as opposed to something generic). This book was my choice. There are many guides and picture books of the state, but this one captures the real beauty that is Arizona. The photographs are clear and bright and the text is easy to read and it all makes sense. Books like these are never cheap, but it's definitely something to own if you like Arizona.

This wonderful collection brings you the many faces of this diverse state in words and pictures from the Grand

Canyon to the beauty of the desert landscape.

From the Back CoverPerhaps no state holds as many surprises as Arizona. To outsiders, Arizona conjures up images of the Grand Canyon, the saguaro cactus, and the O.K. Corral. Those who have experienced this jewel of the Southwest, however, know that Arizona is all these things and more. Arizona on My Mind brings you the many faces of this diverse state in words and pictures. No matter where you are, you can open this wonderful collection of images and find yourself transported to a world of stunning beauty.
