A bit dated but lots of good info with out a lot of unnecessary reading.

The book is smaller than I expected but wow...get inside and it is fabulous and very well organized. Anyone who loves trains and wants a guide for Arizona needs this first.

Striking full-color guides. Bound in water repellent, film laminated covers. Extensive center-spread maps of the state highlights locations featured in each book. Special 8-pocket and 4-pocket lucite display racks available with purchase of the series.
