**J. A. (Joseph Amasa) Munk : Arizona Sketches: -1905** before purchasing it in order to gage whether or not it would be worth my time, and all praised Arizona Sketches: -1905:

1 of 1 people found the following review helpful. Makes you want to go to Arizona!By Lilacs RosesI really enjoyed reading this book! It is full of history, geography archeology of Arizona. As it is an old book (which I love) and the descriptions so wonderful, I had to look up the places he was describing to see what they look like now even what they looked like then. I really enjoyed the descriptions of the Grand Canyon. I've been to Arizona many times, but this made me want to go again to see it through his eyes!0 of 0 people found the following review helpful. The Drew's mentioned in the book are those of my husband's grandfather and great uncle.By M. Rebecca DrewSouthern Arizona History. The Drew's mentioned in the book are those of my husband's grandfather and great uncle.0 of 0 people found the following review helpful. Still thereBy David LeeExcellent

Originally published in 1905. This volume from the Cornell University Library's print collections was scanned on an

APT BookScan and converted to JPG 2000 format by Kirtas Technologies. All titles scanned cover to cover and pages may include marks notations and other marginalia present in the original volume.

About the AuthorA prolific writer Joseph A. Munk is famous for his unique work Arizona Sketches. His all works show an apex of cohesive and pithy style and his love for the places is evident as he has described them meticulously.
