**Bill Weir, Robert Blake : Arizona Traveler's Handbook (6th ed)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Arizona Traveler's Handbook (6th ed):

0 of 0 people found the following review helpful. Excellent bookBy RW Spec.A great deal of information about Arizona. It's a handy guide for places to see in the various regions and the cost (although this edition is not up to date on the cost).0 of 0 people found the following review helpful. Best Arizona guideBy R. DewhurstThere are a number of Arizona guides but this one beats all. It is especially good in the way it is organized on the areas and routes of travel. We live in Arizona and it tells us many things that we would normally overlook.

This title guides travellers to Arizona's diverse sights, including ancient pueblos, historic missions, the Colorado River and the Navajo National Monument. There is in-depth coverage of outdoor recreation including tips on exploring the Grand Canyon, conduct, permits and regulations for visiting Native American reservations, camping, hiking and whitewater rafting. The book also covers cities, parks and driving routes.
