This gift for my husband was well received. He studies history at the University of Arkansas at Little Rock, so the product was up his alley. I will definitely buy another copy as a gift in the future.0 of 0 people found the following review helpful. Meh, it's okayBy arkmitchBecause I grew up in Arkansas, the book is more interesting to me than it probably would be to folks who weren't raised there. Still, I find myself dozing off at some of short stories. It's a collection of wierd, odd, and true stories about different towns in Arkansas. If you don't plan on visiting Arkansas or weren't raised there, then you shouldn't buy this book as it will be a waste of your money.0 of 0 people found the following review helpful. Wow!
