Mario Caruso : Arkansas Rider's Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Arkansas Rider's Guide:

3 of 3 people found the following review helpful. Arkansas Rider's guide Second editionBy RidercoachThe Arkansas Rider's guide is a very important part of Our motorcycle gear that We take with Us when We tour Arkansas. It

contains detailed maps and directions of day rides, places to stay, and most important the best places to eat. Also, it is small enough to store in most tankbags. 8 of 8 people found the following review helpful. A must for touring Arkansas' best roads. By Seamore Caruso has reviewed many of Arkansas' best roads for motorcycling, or for that matter, the most scenic auto-touring get-aways in the state. His recommended places to eat is a bonus. These are one of a kind spots you won't find without a little help. I thoroughly enjoyed using his routes to turn a weekend ride into an adventure. I wish he would lead some tours in his beautiful state. He obviously knows the territory.

Maps, directions, mileage calculations, descriptions and pictures in this 144 page motorcyclist tour guide, outline paved, scenic and interesting routes through Arkansas' Mountains. These are the beautiful and challenging byways most tourists avoid on their pilgrimage to popular attractions. The book is spiral bound for easy map viewing and discusses side trips and road hazards. The guide includes lodging and dining possibilities, describes potential side trips and road hazards then closes with other sources of Arkansas tourist information plus motorcycle dealer locations.

I guarantee this book will get and keep your attention! -- Dennis Beattie, President, Arkansas Regional Voyagers Club Newsletter, May 1, 2002
If you've been riding for awhile, I'd recommend this book. If you're new to motorcycling, I'd really recommend it. -- The Sun Times, Heber Springs, May 30, 2002
Reads like a novel yet has so much information that anyone riding through Arkansas should pick up a copy. -- Luap McKeever, Wildguzzi.com webmaster, April, 2002

From the Publisher
Every year thousands of motorcyclists hit Arkansas' mountain roads, now they will know where to best point their front wheel.
About the Author
At age twelve, still living in southern Italy, author Mario Caruso rode his first motorcycle. By age fourteen he was piloting his own bike through Italy's Campania region. Thirty-three years and a continent later he still rides motorcycles daily. After residing in three American states he found a home in Arkansas' mountains. His writing and photography have appeared in national publications Rider and RoadBike magazines.
