**Tim Ernst : Arkansas waterfalls guidebook** before purchasing it in order to gage whether or not it would be worth my time, and all praised Arkansas waterfalls guidebook:

Instead, there are beautiful full color photos of more than 200 waterfalls (second edition) by noted nature photographer Tim Ernst. Each waterfall has a description, maps of roads and hiking trails, trail difficulty ratings, notes about nearby features, GPS coordinates, UTM

coordinates, and even notes for kid-friendly waterfalls and whether you can see the waterfall from your car. If you're a devoted Arkansas visitor, keep this book in your car at all times. If you're more of an armchair traveler like me, Arkansas Waterfalls is a delight. 0 of 0 people found the following review helpful. Love waterfalls? This is a book for you!
