This is the 6th in the series that I have purchased, and I am just as blown away with all the fabulous ideas in this one as I was the others! The photography is great which allows one to see details, details, details...very important! Admittedly, I didn't read a lot of the text, so I'm not sure what that end of it is like. The photos, though, say it all!!! I recommend not just this book, but all of them in the Art of Celebration series!!!!!! Next up: Art of Celebration - Washington, D.C., due out in November 2011. Can't wait!!!
