Mary Murray Bosrock : Asian Business Customs Manners: A Country-by-Country Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Asian Business Customs Manners: A Country-by-Country Guide:

1 of 1 people found the following review helpful. International travel resourceBy Janet CherryI chose this rating for the ease in finding information within the book and the topic selections as a guide for international travel. All business persons with international travel responsibilities should be introduced to this series.3 of 4 people found the following

review helpful. Inaccuracies and time for an update
By A Reader
This book is really quite bad. There were lots of inaccuracies and errors especially on the section on China. One cannot write a book on customs and manners and state that it is "the world according to me"! 1 of 3 people found the following review helpful. Common sense
By Naz
Some of the etiquettes mentioned in this book are common sense. If only people are more tolerant towards other people's cultures and apply common sense, then there won't be huge miscommunication.

This classic business etiquette book was originally self-published and sold 19,000 copies with a cover price of \$22.95. Now its been revised and expanded to include more details about doing business in Asian countries; the cover price has been reduced to \$16.00. Recommended by blue-chip business leaders, *Asian Business Customs Manners* has the potential to be one of the leading books in the category. This is a guide that covers all the dos and donts of business etiquette in Asia. Organized country by country, this comprehensive guide contains information on every situation youll encounter, including business practices and attitudes, meetings, negotiations, meals, punctuality, language, gestures, tipping, manners, gifts, and everything in between. It contains all the information you need to present yourself well and get the job done whatever it might be. This book provides guidance about how to successfully negotiate your way through Asian business situations generally, as well as specific information about doing business in: Bangladesh, China, Hong Kong, India, Indonesia, Japan, Malaysia, Pakistan, Philippines, Singapore, South Korea, Taiwan, Thailand, Vietnam, Australia, and New Zealand. This book won the Independent Book Publishers Association Benjamin Franklin Award for Business in 2008.
