Lisa McGee : At Home in Nantucket before purchasing it in order to gage whether or not it would be worth my time, and all praised At Home in Nantucket:

0 of 0 people found the following review helpful. Wonderful, idea filled bookBy lover of marine art and Christian worship musicThis is a really fantastic book filled with beautiful photos of design and collections and ideas - (especially if you, like me, grew up in Southeastern Massachusetts and live in California).0 of 0 people found the following review helpful. Five StarsBy Lycopene Crema Rinnovantevery nice book4 of 5 people found the following review helpful. Loved everything about it!By KDiNobileI love everything about "At Home in Nantucket" - the pictures were beautiful, it was easy to read and the recipes were delicious! I have never been to Nantucket but would love to check it out now!

In summertime, Nantucket welcomes tourists with its sunny harbor and Main Street boutiques. For residents, the island holds year-round charm, with each season lending a different character to daily life. At Home in Nantucket takes an intimate tour through the private homes of this beloved island, with more than 200 photographs of 16 beautiful houses. A quintessential harbor-side hideaway with a boathouse feel and spectacular seaside views. A historic carriage house re-envisioned as an airy, modern retreat with minimalist furnishings. A secluded barn nestled near cranberry bogs and the mysterious Hidden Forest. Author Lisa McGee introduces us to the fascinating residents of these charming homes, and even offers up a smattering of traditional recipes, making it possible for anyone to bring home the flavors of Nantucket. In all, At Home in Nantucket is a delightful celebration of life on this captivating

island.

From Publishers Weekly Though its name evokes the nostalgia of summertime haunts and bucolic beach living, Nantucket actually thrums with activity all year round, so it makes sense that this tribute to the islands homes covers all the seasons. Divided into four parts-spring, summer, fall, winter-the book invites readers into 16 gracious Nantucket residences. Each of them embodies a distinct variation on the classic New England aesthetic, from "Italian Refuge" and "European Treasure" to "Patriotic Barn" and "Painted Cottage." Photographer Paul Whicheloe complements McGees text with keenly detailed spreads of the luxurious interiors. Some of the photographs could stand minor enhancements in brightness and contrast, and the complete absence of outside shots feels odd in a book that focuses so much upon seasons. But the homes are well chosen and the text fulfills its duty, as McGee relishes the homeowners diverse design interests. The addition of a few local recipes and snippets of island history also helps convey the residents quiet passion for their dwellings.
