Keith Black, Jackie Damon : Attention to Detail: A Look at Walt Disney World Attractions (Volume 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Attention to Detail: A Look at Walt Disney World Attractions (Volume 2):

1 of 1 people found the following review helpful. It was fun to explore the bookBy S. FaganWe travel to WDW a

couple times a year. It was fun to explore the book. It was surprising how many details you miss just walking by, or when they are presented here, you know you've seen them but can't place where. Really enjoyed this and the companion book as well. 0 of 0 people found the following review helpful. Five Stars By bg - Florida Delivered as advertised. 1 of 1 people found the following review helpful. A nice different Walt Disney World Book By Ray This is a great book for those that go to Walt Disney World often. For those that love to look at the detail at the park and the attractions this is the book for you. It is fun to look at the pictures and try to figure out where the picture was taken. It is worth the price for the book for Walt Disney World Fans.

This book takes a closer look at details found at the queues, rides and exits that form attractions at the Walt Disney World Resort in Orlando, Florida using photographic images collected from the authors' trips. Also included are feature attraction pages, picture challenges, and detail blitz games as well as a detail directory with location and general information about the details shown.
