Richard Zelade : Austin (Lone Star Guide to Austin) before purchasing it in order to gage whether or not it would be worth my time, and all praised Austin (Lone Star Guide to Austin):

0 of 0 people found the following review helpful. Stay clear!!By David A. BeaujonIt took these jokers a month and a half to deliver a simple little map. They're just so busy taking care of important sales!2 of 2 people found the following review helpful. Only sporadically usefulBy Erik NThere are much better books on Austin, and much more complete.

This seems more like a school paper on the city, as it glances over the wonders and possibilities of the city. Add the thin material to the poor layout and you, too, will be disappointed if you're hoping for a guide to this amazing city. Even though it's now slightly out of date, give the Austin Insider's Guide your cash, not this thing. It's almost encyclopedic in its contents. 1 of 1 people found the following review helpful.
