It was so well received that I had to purchase more copies for all involved. I revisit the book to make sure we are staying on course in our project. The holistic approach, including things like activities and cuisine, makes this as much a lifestyle book as a guide for the design professional. Thank you for an inspiring work!0 of 0 people found the following review helpful. Amazing bookBy L.D. EllThis book is packed with stunning photos, great graphics and tips on sustainable ecolodge development from Hitesh Mehta, one of the leading guru's of ecolodge development.This is a must have for ecotourism developers and also a great read for those with a passion for responsible travel and interesting architecture.Warning: It WILL inspire you to book a trip to an ecolodge soon!0 of 1 people found the following review helpful. Bought for some other partyBy bensolBought this for someone overseas. Unable to give feed back review..Party was satisfied when they received it with no complaints

Authentic Ecolodges is a stunning look at some of the most forward-thinking ecolodges in the world's most exotic destinations. Featuring more than three hundred full-color photographs, detailed architectural sketches, and a rating system specially developed by ecolodge and ecotourism expert Hitesh Mehta, this book is the definitive word on what makes an ecolodge truly authentic.

About the Author Hitesh Mehta is one of the world's leading authorities, practitioners, and researchers of ecolodges and ecotourism. An architect, landscape architect, and sustainable tourism planner, he is also the longest-serving board member of The International Ecotourism Society.
