From Brand: Empire Pr : Avant Guide New Orleans: Insiders Guide to Progressive Culture [With Mini Book] (Avant-Guide New Orleans: Insiders Guide for Cosmopolitan Travellers) before purchasing it in order to gage whether or not it would be worth my time, and all praised Avant Guide New Orleans: Insiders Guide to Progressive Culture [With Mini Book] (Avant-Guide New Orleans: Insiders Guide for Cosmopolitan Travellers):

0 of 0 people found the following review helpful. Amazing book for those that like non tourist spots. By randi Seriously the best travel book series ever written, I found the Prauge one in Prauge at a hostile and used it for my trip advice. It sent me to the best underground, local's hangout and off the grid type of places, which Im really into. I love the Nola one and the Chicago one as well! Written by the people for the people! 0 of 0 people found the following review helpful. It's the perfect guidebook By Janet Peterson I love Avant Guide. There is so much to say about it. First of all, I live in San Francisco, and originally bought the San Francisco book to get to know my own city better. I see it in book stores all over the city and the look and format stands out head and shoulders above the competition. This New Orleans book is amazing. It's the perfect guidebook. I love everything about it: The pocket informer at the end of the book, the tidbits at the end of each chapter like the right wine to pick with food and the clothing size converters. And the slang section is one of my favorites. I also found many surprises listed in timelines that were new to me. Next time I travel, there is no doubt which book I will be taking along! 0 of 0 people found the following review helpful. Great After-The-Hurricane Coverage By Klara Johansson I love Avant Guide for their supercool coverage of restaurants, hotels, bars and sights. This edition doesn't dissappoint because, even after the floods Avant Guide proves that New Orleans remains one of the best cities in the world. If you're looking for a resource that tells it like it is, about where to go and what to do to have a truly unique experience, then this is your guide. I also often travel with Lonely Planet, but it didn't help me at all here.

Featuring an in-depth look at the celebrated and diverse New Orleans food scene as well as great hotels in five budget categories, this updated second edition thoroughly details dining and nightlife options, covering the best places, both classic venues and new clubs, to hear jazz and other live music. This streetwise guide provides insider tips on how to get the most out of Mardi Gras and Jazz Fest, as well essential background information on the history of the Crescent City and its different neighborhoods. Avant-Guide books live at the intersection of travel and style, and this hip travel series presents the best aspects of the guidebook genre namely, being thorough and trustworthy and adds dynamic prose and innovative design. The highly praised result is as intelligent and informative as it is stylish and entertaining.
