**Colin Lewellyn, Linda Moffet, Harry Lewellyn : Backroad Trips Tips: The Glovebox Guide to Unpaved Southern California with Selected Trails in Baja and Death Valley** before purchasing it in order to gage whether or not it would be worth my time, and all praised Backroad Trips Tips: The Glovebox Guide to Unpaved Southern California with Selected Trails in Baja and Death Valley:

0 of 0 people found the following review helpful. Old classic still with good 4x4 trail informationBy OCdadThis book could really use to be updated. Most of the trails have not changes but some of the related information is no longer current. Very little information about how difficult the trip will be.0 of 0 people found the following review helpful. This book is too old to be relevant anymore. ...By CustomerThis book is too old to be relevant anymore. In 93 it was 5 stars. In 2015, one star. Poorly written to help you find a trail these days. Rudimentary sketches of trails with little to no indicators to let you know you are on the right trail.9 of 9 people found the following review helpful. Excellent guidebook for exploring SoCal by 4X4 or trailbike.By A CustomerThis book is packed with useful information and loads of fun trips that can be taken in Southern California. It is spiral bound, so it's easy to keep open to the proper

page. The author distills over 30 years of offroad vehicle experience into a wonderful guide. Worth every penny.
