From Tuttle Publishing : Bali: The Ultimate Guide: to the World's Most Spectacular Tropical Island (Periplus Adventure Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Bali: The Ultimate Guide: to the World's Most Spectacular Tropical Island (Periplus Adventure Guides):

1 of 1 people found the following review helpful. Do not trust at all reviews  
By ChaneI gave a try to the book after reading reviews. It was an excellent companion in our trip to Bali. Map and details are very convenient. You will learn all about Bali to make sure you don't miss a spot during your adventure. We had hotels the 3 first nights but last 5 nights just booking at last minute. I read book recommendations but also check agoda website for more convenient prices. Book is excellent!!! Trip made in January 2017.  
4 of 4 people found the following review helpful. Extremely Helpful  
By C. A. WestphalThis is an excellent buy for someone who knows nothing about Bali aside from the famous name. Well-organized with a good index in the back. Also gives a brief history of the culture to help travelers understand why things are what they are. I especially LOVE the very helpful map enclosed in the back pocket of the book. Extremely helpful to get one's bearings, from one place to another. Since getting the book, I've loaned it to 3 friends already.  
2 of 2 people found the following review helpful. presented in an unorganized boring way. If you plan on traveling to Bali ...  
By LukeThis book has lots of information, presented in an unorganized boring way. If you plan on traveling to Bali and want a travel guide I would suggest something else. If you are studying Bali for school or just out of curiosity, and want text book, this book is for you. I have read many travel books and it seems the author in this one really has no passion or opinion about anything talked about in this book. It's simply a lot of bland information. The map was nice... that was about it. It is written like a school text book but harder to navigate with lots of useless information.

The only guide you'll need for getting around Bali! Everything you need is in this one convenient travel guide including a large pull-out map!  
This updated and revised edition of the bestselling Tuttle guide to Bali gives the latest information on what to do and see on this spectacular tropical Indonesian island. Bali is one of the few places in the world where an ancient civilization still thrives in the modern world. And the island has so much to offer: ancient temples, elaborate ritual celebrations, spellbinding music and dances, exquisite art and crafts, gorgeous beaches, bustling markets, delicious food, and much more!  
Bali: The Ultimate Guide to the World's Most Famous Island is the most complete guide to Bali ever published. Lively articles by world renowned experts present every aspect of the island's history and culture, along with detailed descriptions of all the sights, with maps and photos included. An informative travel reference section at the end of the book gives important travel and etiquette tips, transportation notes, a language primer, and a glossary.

"The overall layout's ease of use, the attractive photos, the essays by foremost luminaries in their respective fields, the detailed maps and comprehensive up-to-date information, the eccentric personal touch of the writer's recommendations as well as her suggestions of alternatives to the usual venues and itineraries, the tips for traveling away from the tourist ruts, the careful recreation of the character of each area make this one of the most in-depth and readable guides to Bali in print."
