Alexander D. Mitchell IV : Baltimore Then and Now before purchasing it in order to gage whether or not it would be worth my time, and all praised Baltimore Then and Now:

Visual treat from residents of Baltimore interested in the history of the cityBy Brian Wayne WellsThis book is a collection of old pictures from around Baltimore, each of which is shown on a left-hand page of the book. On the right-hand side of the same page, directly across from the old picture is a new picture of the same scene taken from the same angle as the old picture. The changes in the scence can be compared with as much detail as the reader may wish merely by moving from one point in the old picture to the same location in the new picture without having to flip the pages of the book.I found the book to be interesting even though I am not from Baltimore. However, my wife was born and raised in Baltimore and found this book to be very memorable and intriguing.0 of 0 people found the following review helpful.
