ISIS Terrorists film a beheading on the bow of the Sea Empress which is then broadcast to the world. Marsha and Danny's Security Team is augmented by the FBI, a Special Contracted Investigator to Scotland Yard, the US Navy and US Coast Guard after an attack similar to the 9/11 attack. As a result of this attack the President asks Congress to Declare War on ISIS and our Allies rally to join forces with the USA! The President, Prime Minister of England along with the Canadian Prime Minister meet aboard the Sea Empress to plan a joint response! It might be a good read for the current occupant of our White House to learn a bit about presidential leadership.A great read that will drag you into the thick of the fray, and look for a followup as well!1 of 1 people found the following review helpful. ImprovingBy CJD2Good story and overall style, descriptive to make a good mystery, concept is great. I still struggle with the conversations of the characters. Language is often corny, and reminds me of an old 40s or 50s detective mystery, where story was good but conversations was almost laughable. I know this is probably the hardest part to write and make believable. But the conversations need to add mystery, intrigue. and anticipation to the story. Once he captures that these it will be a 4 or 5 star book. I will continue to read as

I have read some of his fact based books and they are very good. 1 of 1 people found the following review helpful.
Exceptional
By G. Powell
Taking a story right out of the headlines and turning it into another disaster for the Sea Empress is a total success. You must read this series.

What should have been a pleasant cruise in the Caribbean for Leopold Holmes and his team of crack investigators after they boarded the Sea Empress should have been predictable. Joining a voyage on the world's most famous cruise liner under the protection of husband-and-wife security experts Marsha and Danny Jones is not always a picnic...or a midnight buffet! Terror has been stalking this ship for seven years. Now the world is upside down, and terror returns to the exotic islands and peaceful beaches of seas once hunted by bloodthirsty pirates. Join the Sea Empress for a fateful adventure. Will the world once again be safe for a vacation?
