Jane Foster : Below Sea Level before purchasing it in order to gage whether or not it would be worth my time, and all praised Below Sea Level:

8 of 8 people found the following review helpful. A Treat for All the Senses By Kathlyn Foster's "Below Sea Level" is a treat for all the senses. Her vivid descriptions allow us to experience the sights and sounds, scents and tastes found in two of the most exciting cities in the world. And her gift for characterization reveals many complicated layers of the

people who make this book so compelling. I actually couldn't put it down. Read it in one day. Recommend it wholeheartedly. 8 of 8 people found the following review helpful. Wonderful book! By AnnieBI loved this book! Jane Foster has done an amazing job of making you feel like you are there...her obvious love and knowledge of New Orleans and Paris are evident, and the characters make you want to "root" for them. I hope there is a sequel! I'll be the first in line! 3 of 3 people found the following review helpful. Jane Foster's "Below Sea Level" By ginny hilyard Jane Foster in her fluid prose clearly tells about a search for the meaning in lives that were marred by addiction before they, and in particular Philip, found their own path to treatment and faith in God. Her characters come alive amidst the beauty and charm of New Orleans and Paris, places that she describes so well from experiences there. The message of forgiveness and the search for meaning in life are not new themes, but her characters transcend the ordinary to voice the need to forgive, but not forget, and to make the often hard decisions on the road to recovery and happiness. (Ginny Hilyard, CT)

'With compassion and insight, Jane Foster examines how a perfectly happy family is pulled apart, not by the challenge of raising a young family far away from home, but by alcoholism. Leaving her husband in Tokyo and escaping back home to New Orleans with her children, thinking there is no other way but out, old friends show Lila that there is still hope if only she can learn to pray. Because when human strength is not enough, turning to God can make all the difference, as we find out in this touching account of one family's journey back to happiness. Below Sea Level won the 2013 Illumination Book Award bronze medal for fiction.
