following review helpful. Great for ResearchBy Book WormThis is a great tool if you like cruising. I should probably update this book but still it gives you much info even about ports.1 of 1 people found the following review helpful. WorthwhileBy One Happy RetireeA thorough review of major cruise lines with analyses of the strengths and weaknesses of each line, and following, of each ship in the line. Well done and reasonably priced for a nearly exhaustive review of all kinds of cruises and cruise lines.

With more than a quarter million copies sold since its first publication in 1986, it is no wonder that *The Complete Guide to Cruising Cruise Ships* is hailed as the definitive cruising guide by both the industry and the public. "Includes simply everything you ever wanted to know about cruise ships."--Knight-Ridder Newspapers. Illustrations and photos.
