Douglas Ward : Berlitz Cruising Cruise Ships 2016 (Berlitz Cruise Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Berlitz Cruising Cruise Ships 2016 (Berlitz Cruise Guide):

Douglas Ward is knowledgable and discerning. He reviews every ship and tells it like it is. Don't be fooled by some well known online Web sites which, in their reviews, are more interested in placating advertisers than serving their users. And don't be fooled by some

bloggers and travel agents whose main interest are free trips or high commissions. I've gone on over 50 cruises, but still find this a must and buy the new edition annually. 2 of 2 people found the following review helpful. Recycled and recycled and recycledBy rush1313Buy it once for your first cruise, then don't bother with future editions: All the info remains the same and the book is never updated beyond omitting decommissioned boats. The write-ups never change, the scores never change, modifications and renovations are never reflected in the book. The author appears to get on a class of ships once, write one review for the entire cruise line for all time to come. 2 of 2 people found the following review helpful. Great Cruise Ship ReferenceBy CustomerIf you are a travel agent who regularly looks up the details of a ship or wants to know more in-depth details of a cruise line, this is a very good reference book.
