Berlitz Publishing : Berlitz Cruising Cruise Ships 2017 (Berlitz Cruise Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Berlitz Cruising Cruise Ships 2017 (Berlitz Cruise Guide):

We have the 2013 edition but the new one is even better because a lot has happened in the cruising industry in 4 years. My husband and I use this as a guide. It rates every aspect of every ship in terms of their entertainment, cleanliness, food, and the ship's maintenance. In it, they

describe the ship, how big it is and tell you exactly what to expect onboard. Most of the time, Berlitz accurately describes the fleet. I noticed that the top ten ships in 2017 were much different than our old 2013 book. In 2013, Celebrity was the top of the pack. In 2017, most of the top ships are foreign ones. 0 of 0 people found the following review helpful. A Cruisers Answer Book By John H. Arnold A must for anyone who cruises frequently. Includes descriptions of all the ships we came across in the Mediterranean and other places. 0 of 0 people found the following review helpful. Great book on cruise ships! By Customer Great book about cruise ships. Tells you all you need to know and more. I have been getting this book for many years now. I enjoy reading what is said about the different ships.

If you want a holiday that's hassle-free, virtually pre-paid, and that lets you see lots of places while only needing to pack and unpack once, then you should try a cruise. This best-selling book is the cruise industry bible: it gives you all the information you need to choose the right cruise for you. Meticulously updated every year by cruise expert Douglas Ward, it is divided into two main parts: the first helps you work out what you're looking for in a cruise holiday and how to find it; the lively text and colour photographs describe every aspect of life on board, including safety, the highs and lows of the cruise experience and how to save money. The second part contains unbiased reviews and fascinating detail of almost 300 ocean-going cruise vessels, and grades them on service, food, entertainment and facilities, using an internationally recognised ratings system.
