Berlitz : Berlitz: River Cruising in Europe (Berlitz Cruise Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Berlitz: River Cruising in Europe (Berlitz Cruise Guide):

1 of 1 people found the following review helpful. This is a valuable tool for anyone considering or planning ...By Rail TravelerThis is a valuable tool for anyone considering or planning a river cruise. Books on this rapidly growing part of the travel industry are still few and far between. The authors have greatly improved their original river cruising book, and it is now much more thorough and informative. It's a "must read" book for the prospective river cruiser.0 of 0 people found the following review helpful. Very informative book regarding river cruises.By Janice HollowellThis

book was a wealth of information. It compared all the different ships and gave the ratings. Very informative.0 of 0 people found the following review helpful. Three StarsBy yoyoaverage.

A river cruise is undoubtedly the most civilized way to see the best of Europe; you can relax in the comfort of a small vessel as you glide through picturesque towns and spectacular scenery. But how do you choose which cruise company, which kind of rivership, and where to go? This thoroughly updated and expanded new edition of the Berlitz guide to River Cruising in Europe will tell you everything you need to know about taking a cruise along Europe's beautiful rivers and waterways. The book cuts through the brochures' hype - almost every river cruise company promises you luxury. But what does 'luxury' really mean? The guide gives you unbiased advice on the different kinds of river vessels and the facilities they offer, helping you to make an informed choice. We take you on a journey along Europe's rivers and waterways, describing the highlights along the way - the historic cities and majestic scenery of the Danube, the castles and vineyards of the romantic Rhine, and much more. Also included are listings for over 200 riverships, which are described and impartially rated, so that you can easily compare them and their facilities.
