Keith Stelter : Best Easy Day Hikes Houston (Best Easy Day Hikes Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Best Easy Day Hikes Houston (Best Easy Day Hikes Series):

3 of 3 people found the following review helpful. happy I found this bookBy Howard SchulmanThis was an

unexpected find for me I bought in an REI store in Houston, while trying to figure out where i wanted to go hiking in Houston. Almost all the hikes in this book are within an hour of Houston and last 1-2 hours, mostly on paved or solid dirt trails. Honesstly, I was looking to do some trails out in "big sky" country, but when I learned that the bayou has a habit of "retaining water" on the trails, I re-set my sights. I did the Arnanda, Jesse Jones, and Hermann Memorial Park walks and would definitely have liked to have dome more. Honestly, many of the areas I hiked were in nature centers that had bigger more detailed trail guides, but i certainly appreciated the selection of hiking trails as well as, particularly, an exact address to enter into my GPS unit in my car, which made finding the trail head easy in an unfamiliar territory, navigating by myself. I also bought the 60 hikes in Houston book, but didn't like it, perhaps because the Bayou Bend hike was totally out of date due to all the new construction going on around it, as of February 2015....By the way, February was a great time to visit Houston. There was no humidity and the temps were 50-75 each day. This book also had many more local hikes than the 60 Hikes book, which encompassed 1-2 hours to get to, as opposed to just an hour for this book. The 60 hikes book also had many more hikes lasting 2-4 hours.
