heavy focus on hikes in a very close proximity together. However, I can't give it too much grief because if this is where the lay of the land makes for easy hikes it is what it is. Still I'd like to have seen a wider range of the MO Ozarks' used for this book. Also, I didn't realize it's like a mini book not a full size book like a novel tends to be. Love this brand of hiking books and will buy an Ozark's Easy hikes at large book. Living in the West Plains, MO area these hikes are 2 hours and more away from home. 0 of 0 people found the following review helpful. I just wish there was a Best Day Hikes Missouri Ozarks book instead of Best EASY Day Hikes, for the limitations of that word make me less interested in some of the trails. 0 of 0 people found the following review helpful.
