A little dated, but a good resource.By Old Mountain BikerI was looking for new trails to ride in Orange County, so I ordered this book realizing it was printed quite a few years ago. Some of the dated material I've noticed so far is park entrance fees, as for trails, some of the other reviewers here may have more to offer. But many of the trails are still there and are worth checking out.0 of 0 people found the following review helpful. Good but sometimes misleadingBy Bryan LHave now done 3 or 4 of the rides, generally the descriptions are quite accurate but on a couple of occasions the descriptions are very misleading for example a low technical rating for one ride which was one of the most technical rides I have ever done! I wouldn't follow the ratings guidance too closely for this reason
