Many hikes listed here are NOT present in some other Virginia hiking books which I own (e.g. 'The Trails of Virginia'). Molloy has done a nice job finding some rural escapes in the area as well as some urban gems (the floodwall hike!). The actual hike instructions are easy to follow and the book is physically small enough to bring along. The only downside is that only two or three hikes are 3+ miles.Recommended!0 of 0 people found the following review helpful. Four StarsBy Larry W.Good guide!
