Handy little book By Rebecca L. This book was handy for information on hikes and trails that were less strenuous. The more challenging hikes are not even mentioned in this book, though, which was a letdown. A list of all available hikes and trails would have been convenient in case I wanted to research them further somewhere else. It definitely fits its title and will not lead you astray. 0 of 1 people found the following review helpful. Easy to read and very durable on a 2 week ... By Kate Reliable maps! Especially in areas we had no cell service!! Easy to read and very durable on a 2 week trip that we used them for

Best Easy Day Hikes Yosemite National Park is a perfect guidebook for those who want to sample the best of Yosemite within an easy day's walk, from the world-famous domes and waterfalls of Yosemite Valley to the more remote, less well known, but equally spectacular corners of the park. From a short stroll to an extended ramble, this

book is for hikers of almost every ability, age, and interest. This guidebook will tell you when to go, where to hike, and where to find the best photos, flowers, and wildlife watching.
