**Let's Go Inc. : Let's Go Washington, D.C. 13th Edition** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Let's Go Washington, D.C. 13th Edition:

2 of 2 people found the following review helpful. Let's Go is the best! By JohnnyCI really enjoy the Let's Go series, and have used them as a college student traveling overseas, through graduation and during my work experience in eastern Europe. I was transferred back to Washington, D.C., and thought of no better reference book for cool, interesting, and affordable (!) sightseeing and entertainment options in the area than Let's Go. This book, like all other

books I've read in the Let's Go series, displays standard characteristics: Strengths: lyrical, entertaining prose, wide range of places and things described, in both tastes and prices. Sometimes when I'm feeling a little "wanderlust," I'll glance over my Let's Go books from overseas trips and just enjoy the write-ups of local history and sights! Weaknesses: some things are out of date by the time the book is published, and I've found the indexes in the Let's Go books to be weak for the most part. You often can't find very common things in the index based on how you expect them to be listed. They are either in the index under an obscure heading, or simply not indexed. Minor quibble. Another nice feature of this book is that it is written with interns or recent graduates who are moving to the area for their first jobs in mind. So whether you're coming for a few days and want a guide book, moving for the summer as an intern, or perhaps taking up residence for an extended stay, I'd highly recommend this book. 2 of 2 people found the following review helpful. Better than other Let's Go guides! By E. Mueller I've always been a faithful Lonely Planet user, but my old standard didn't stack up to this Let's Go. Since it is the 2004 edition, it has much more updated info than LP, and I've only found one mistake so far (that being that a camping store supposedly located downtown is not there because it looks like they're turning that block into a parking garage). It's only other downfall that I've noticed is that it's a little heavy on the nightlife side, and I'd like to see more of the suggested walking tours that they have in the front of the book. Otherwise, it has my recommendation!

The Resource for the Independent Traveler For over forty years Let's Go Travel Guides have brought budget-savvy travelers closer to the world and its diverse cultures by providing the most up-to-date information.
