Daniel Duane : Lighting Out: A Golden Year in Yosemite before purchasing it in order to gage whether or not it would be worth my time, and all praised Lighting Out: A Golden Year in Yosemite:

0 of 0 people found the following review helpful. I was a really big fan of Duane's "Caught Inside" ...By AronI was a really big fan of Duane's "Caught Inside", so I recently ordered this book. While very entertaining and enjoyable, it kind of was lacking in depth or character development. Not nearly as cohesive or compelling as Caught Inside...still, very enjoyable. I finished it in two days, so I did find it very engaging.0 of 0 people found the following review

helpful. Amazing storytellingBy JMeyerDaniel Duane has a way with words. Unpretentious and concise, he tells the story of his post college climbing years better than most. Highly recommend the book.0 of 0 people found the following review helpful. A great coming of age bookBy MappleWow! A great coming of age book!

CLICK HERE to download sample chapters from *Lighting Out* The contrast between the slacker-climbing crowd and the New Age poseurs is enhanced by a wonderfully deadpan writing style that is rarely too technical for those unfamiliar with the sport. Highly recommended. *Library Journal*[Duane] explores with fine irony and rare depth his awakening into manhood, love, and conquest Isabel Allende Reissue of a well-regarded coming-of-age memoir about Yosemite and the West Coast in the 1990s With a new afterword by the author*Lighting Out* by Daniel Duane is a coming-of-age memoir, first and foremost. But its also about the Yosemite climbing lifestyle in the early 1990s and the authors effort to immerse himself in that dirtbag world, while figuring out what to do with his life. It beautifully evokes a specific time and place, as well as captures that post-college searching and desire for adventure and romance that resonates for so many. From the Grateful Dead to an awkward tumble into a relationship, and from California surf towns to the sheer wall of El Cap, Duanes story meanders through loosely linked events and observations that, taken together, convey a tangible sense of freedom and the search for fulfillment.Duane climbed actively in the Yosemite Valley from 1987 to 1992, then went on to get a Ph.D. in American Literature at UCSanta Cruz. *Lighting Out* was his first book, published two years before his seminal cult-favorite, *Caught Inside: A Surfers Year on the California Coast*.

In a sort of nouveau Dharma Bums, drifting in and out of Bay Area counterculture and the High Sierra, young Californian Duane combines a climber's journal with a memoir of the year following his graduation from Cornell. -- *Kirkus Associates* "Kirkus s" This captivating debut offers a glimpse at the 'Generation X' counterculture on the West Coast. job at an upscale mountaineering shop. -- Tim Markus "Library Journal" About the AuthorDaniel Duane grew up in Berkeley, California. After obtaining his undergraduate degree from Cornell University in Ithaca, New York, he quickly returned to the West Coast to climb, surf, and generally live life. Duane climbed actively in the Yosemite Valley from 1987 to 1992, got a Ph.D. in American Literature at UCSanta Cruz, and currently lives in San Francisco with his two daughters and his wife, the writer Elizabeth Weil.
