**David Owen : Like No Other Place: The Sandhills of Nebraska** before purchasing it in order to gage whether or not it would be worth my time, and all praised Like No Other Place: The Sandhills of Nebraska:

Covering nearly twenty thousand square miles, the Sandhills of Nebraska is a rich and layered region that is home to one of the most productive ranching areas in the country. In 2008 and 2009, photographer and storyteller David A. Owen traveled through western Nebraska to capture the unconventional beauty of the geography and singular way of life of the residents there. Connecting the everyday activities of the ranchers and residents he encounters to the vast, isolated landscape, Owen provides a fascinating window into this dazzling area of America.
