Interesting look at little towns!By SSI enjoyed reading through this book with its short descriptions of small towns. I'm familiar with some of the towns, so it was fun to read about those and see what the authors found to be most significant. It's interesting to read about many others, too, and learn about these unique spots in MN.0 of 0 people found the following review helpful. Five StarsBy DeeGreat traveling companion...

They're Minnesota's smallest towns, but they have huge character! Experience the rich stories, histories and cultures of 100 charming small towns, with populations from 5 to 141. And meet the friendly people who call these places home. Each entry in the book features folks who know what it means to help their neighbors and locales that range from quaint to historic. It's one book, and it's one hundred towns to love.
