**David Hampshire : Living and Working in Switzerland: A Survival Handbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised Living and Working in Switzerland: A Survival Handbook:

2 of 3 people found the following review helpful. Informative and interesting, just not very practical!By CustomerJust finished reading this book and it does have a lot of good information if you plan to move to Switzerland. However, it doesn't provide anything other than you would find in an online search. Its great to have for reference, but some of the information it provides is very vague. Also, it gives you a warning to be careful about trusting some of the companies

listed in the book, what?, then why would you have them in there in the first place. That seemed ridiculous to me. it does have some nice info about the visas, the school system, job search and pertinent things to a move, that can help if you are planning that soon.1 of 2 people found the following review helpful. Must read for people who is thinking about moving to SwitzerlandBy Jack DanielsI think it's must read book for people who is thinking about moving to Switzerland. It gives so much details on everyday's life that can be acquired only after living there. Great book.0 of 1 people found the following review helpful. The book will work great for meBy Rick ralstonThe book will work great for me. Looking to move and needed this book to understand where I'm going.

Written in an entertaining style with a touch of humor, *Living and Working in Switzerland* is designed to provide newcomers with the practical information necessary for a relatively trouble-free life. It is packed with vital information and insider tips to help minimize culture shock and reduce the newcomers rookie period to a minimum. *Living and Working in Switzerland* is essential reading for anyone planning to spend an extended period in Switzerland. Printed in color.
