**Peter MacBride : Living in Spain (Teach Yourself)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Living in Spain (Teach Yourself):

Looking for a guide to the practicalities of living in Spain? Whether you need to know how to find a plumber, what the ayuntamiento is there for, or how to get permission to renovate, this practical illustrated book is for you. And its

accompanying CD gives you all the language skills you need to communicate with the locals. Every home owner has to go through the process of searching for property and buying it; most new and existing owners will be renovating or redecorating at some point and this will involve dealing with tradesmen and/or suppliers. For this, these homebuyers will need to understand at least the basics of Spanish property law, house construction, building, plumbing, electrical systems, etc., and they need to know not only the words but how the systems work. Living in Spain gives the explanations and vocabulary for each aspect of finding, buying, renovating and living in a house in Spain. In addition to approximately 120 labeled illustrations, the book has a CD which gives the pronunciation and practice of the necessary vocabulary.

About the Author Peter MacBride is a successful author who writes from his own experience of buying a home abroad. Nat MacBride studied Spanish to degree level and lived in Spain. Eva Mendaro Carri is a native speaker of Spanish.
