Jim DuFresne : Lonely Planet Alaska (Regional Guide) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lonely Planet Alaska (Regional Guide):

0 of 0 people found the following review helpful. Quintessential Travel Handbook By Esteban Ess What can I say that has not already been said? This is THE best book for Alaska travel that I have used. Were I to be only able to take one book, this would be the one. It covers all the cities and towns, roads, and so forth. The book was very helpful in leading me to dig deeper and prepare for insects so that the trip was enjoyable in areas having mosquitoes and flies. I

was prepared for them. Bear and moose need special precaution and I felt ready. The advice on shuttle bus transportation into Denali worked out wonderfully at a much better price than other alternatives and was less crowded. Places to stay that we selected with the help of this book also worked out well. Money saving tips likewise. This book was daily companion and helped refine the plans for hikes, walks, restaurants, supermarkets, BBs, roads, and on and on. Don't leave home without it. 0 of 0 people found the following review helpful. Five Stars By fishgood book for Alaska 0 of 0 people found the following review helpful. Five Stars By Ender Wiggins Very useful!

Alaska's vast natural beauty is unparalleled. Spectacular Mt McKinley and Prince William Sound are only the tip of the iceberg. With quirky villages and a few cities dotted across boundless acres of national parks and reserves, sheer adventure is outside every door. Whether you're hiking or paddling, whale watching or glacier gawking, follow this definitive guide into the USA's last great wilderness. Into The Wild in-depth chapters dedicated to outdoor activities and adventures. Bear Essentials special chapter on Alaska's abundant wildlife and diverse flora. Native Alaskans, New Urbanites extensive coverage of local culture, lifestyle, arts and history. Road More And Less Traveled custom itineraries, thorough directory and 84 detailed maps. Where To Hibernate rustic campsites, backcountry cabins, secluded BBs, elegant suites opinionated sleeping listings for various budgets.

Lonely Planet guides are a must-pack --Toronto Star, February 2006 From the Publisher Who We Are At Lonely Planet, we see our job as inspiring and enabling travellers to connect with the world for their own benefit and for the benefit of the world at large. What We Do * We offer travellers the world's richest travel advice, informed by the collective wisdom of over 350 Lonely Planet authors living in 37 countries and fluent in 70 languages. * We are relentless in finding the special, the unique and the different for travellers wherever they are. * When we update our guidebooks, we check every listing, in person, every time. * We always offer the trusted filter for those who are curious, open minded and independent. * We challenge our growing community of travellers; leading debate and discussion about travel and the world. * We tell it like it is without fear or favor in service of the travellers; not clouded by any other motive. What We Believe We believe that travel leads to a deeper cultural understanding and compassion and therefore a better world.
