Tom Given : Lonely Planet Boston Condensed before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Boston Condensed:

0 of 0 people found the following review helpful. lonely planet Boston condensedBy H. BustaniWarning: This is the first edition of Boston Condensed, published in April 2001.The Big Dig (Harbor Tunnel) project in Boston, which greatly changed the roads and landscape in Boston, concluded in December 2007, so this guide is very outdated.# ISBN-10: 1864503262# ISBN-13: 978-18645032653 of 3 people found the following review helpful. Perfect for First Timers and Short StaysBy A CustomerWe would have never made it in Boston without this little book! The maps alone, especially the subway map, were worth well over the price of the book. We took the book everywhere we went and had a blast. It offers great advice about what to see, what not to see, places to shop, places to stay, places to eat, and anything else you can imagine. I also liked that it gave information on day trips to surrounding areas. I would recomend this book to anyone visiting Boston for the first time. We were there for two days and were able to see everything we wanted to see!!

This condensed guide to Boston covers the places where everybody knows your name - over a cup of tea, a whiskey, or a Sam Adams. It includes information on day trip pilgrimages to New England's coastal retreats, high culture at Harvard and the famous Red Sox.

From the Publisher"Boston Condensed" is a portable guide packed with interesting facts and history, travel tips and highlights, as well as dining, shopping and entertaining recommendations. With history etched in every building and echoing through every street, the information in "Boston Condensed" will help you catch a view from historic Beacon Hill, traverse bustling Harvard Square, or eat in Boston's little Italy the closest thing to an Italian village in North America. You cant take a wrong turn strolling the streets once frequented by the likes of John Hancock, Paul Revere, John F. Kennedy and Nathaniel Hawthorne. color-coding symbols for easy access to information selective rather than comprehensive information high-quality, convenient, quick-view gatefold maps and transportation schedules grid maps with extensive cross-referencing between text and maps the most pertinent information on entertainment, great hotels, best eats, cool cafes and kid's stuff portable, compact size
