Lonely Planet is the Only guidebook I needBy AppleannieLonely Planet not only gives you the places to go where tourists are expected, but the out-of-the-way interesting locations. It's a fun book. There's clarity; no getting lost...you can relate to the city before you get there. Fabulous book. Lonely

Disappointing E-BookBy Adam B Schwartz-LoweI really like lonely planet books, but the print versions are more useful.I used this on the iPad Kindle app, and many links within the book didn't work. It had good information in it, but this format was fairly cumbersome to navigate.0 of 0 people found the following review helpful. Great Condition. Excellent Info to begin planning my trip!By Hernn C.The book was in great condition. It gave me all I needed to start planning my trip to Boston. You might as well check online for other tips and places to visit.
