Ryan Ver Berkmoes, Kevin Raub : Lonely Planet Caribbean Islands (Travel Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Caribbean Islands (Travel Guide):

10 of 10 people found the following review helpful. Kindle download, don't do it.By Ronald A WilleI downloaded the kindle version. It is difficult to use and find what you are looking for by location. I wish I had the paperback version.1 of 1 people found the following review helpful. Best Caribbean Travel GuideBy KeyWest97The best travel guide for the Caribbean, hands down! First, it includes the Bahamas, Cuba, and Hispaola, which other guides do not. Second,

everything is organized very well, and there are lots of useful maps. Each island has an overview, and is then divided into regions, so you get more detail. It has a comprehensive list of restaurants, hotels, and attractions, as well as very good travel advice and information on each island. If you are travelling to the Caribbean, be sure to buy this book, and bring it with you. Some people say it's too heavy to bring, but it's really not that heavy. I think it's amazingly compact for all the information it has. It's also good for discovering islands that aren't in the mainstream travel packages. Oh, it also includes information on transportation to, from and on each island. I could ramble on for an hour about how great this guide is, but I think you get the point now. If you're visiting multiple islands, this is especially good since 65 islands are covered. It's worth every penny I paid for it. 0 of 0 people found the following review helpful. Three Stars
By John D. A practical guide for tourists.

It's on everyone's bookshelves; it's in every traveller's hands. It's on mobile phones. It's on the Internet. It's everywhere, and it's telling entire generations of people how to travel the world.' - Fairfax Media (Australia)

About the Author Ryan Ver Berkmoes grew up in a beach town and always feels at home with a little sand lodged between his toes. He's written about beaches worldwide but still can never get over the stunningly turquoise Caribbean and its often blindingly white beaches. Yes it's a cliché, but it can also be breathtaking. As a journalist who has covered a lot of stories worldwide and seen a lot of cultures, Ryan is still surprised at the diversity of people and places within the Caribbean.
