my local book store for double the price. It has a lot of interesting information in it that will help me understand more of the local part in the Civil War. I ordered this book thinking it would be something nice to have on those days you want something to do but not sure what. I love to explore. is a very nice book and a great price. 0 of 0 people found the following review helpful. Civil War trips By j.kojack Excellent outlines for trips to civil war battlefields and sites. Easy to follow. 0 of 0 people found the following review helpful. Excellent for first time visitors By Mae Cayir This is going to be a very interesting summer read for a chained-to-my-office-chair physical state ... ain't nothin' stoppin' me, honey, from gallivanting to my mind's borderless content ... ;-). From the overnight Amtrak train I took in 2014 from Washington, DC to Atlanta, Georgia, the tracks rolled over areas of history that threw America, USA, into its Civil War. As a child, I learned this part of history with my American classmates, yet when I took this train ride, every town and city that passed by my landscape view increasingly breathed life into some dormant brain cells. I vowed to upgrade my education, and so, here it is ... Happy trails - I tell myself! :-)
