I bought this book when I was planning a recent trip to Grand Cayman. We ended up staying at Sunset House, and had a wonderful time. This book has a lot of good information about the island and about the diving, and led us to choose Sunset House as our hotel and

dive operator. Most of the sites we dived while there were detailed in this book. It is fun to go through this book again now that I am home, as many of the pictures were places we visited and it brings back such happy memories.0 of 0 people found the following review helpful.
