It had great recommendations on places to drink, eat, dance and shop. I loved how it explained everything that I needed to know. Great pictures too. Fully recommend this

book to anyone traveling to LA. 0 of 0 people found the following review helpful. A Lonely Planet fan

By Little Miss CuteyThese guides are always helpful. There is something for everyone. There's a good mix of everything you could want; from shopping to dinners etc etc. I've always found their books to be 99% accurate (as far as prices etc for sights), and they are well detailed. This book is no different. You'll find your travels much easier with this.
