By Int Golfer I'm a big fan of Lonely Planet but these make my day don't do it for me. I had to buy the New York full version to really enjoy the city with all the reviews! I bought this

book because I thought that since Lonely Planet delivered every single time I bought a guide that these would also have something different. Well... they don't! However, don't stop buying these amazing guides! I have about 20 of them and everytime I'm going to travel I will buy the respective guide (But not this make my day thing).0 of 0 people found the following review helpful.
