Lonely Planet, Gregor Clark, Carolyn Bain, Mara Vorhees, Benedict Walker : Lonely Planet New England's Best Trips (Travel Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet New England's Best Trips (Travel Guide):

easily accessible. We bought this for my in laws to inspire them to get out of the house more now that they are both retired and they absolutely love it. We will be purchasing another copy for ourselves. If you live in New England and are looking for a nice little book to keep in the car this is the one, you won't be disappointed. 0 of 0 people found the following review helpful. Well Organized By Susan BI look forward to using this book when I'm in Massachusetts this fall. Trips are very well arranged allowing you to combine several if you have the time. 0 of 0 people found the following review helpful. Great Road Trip Ideas By Kristy Last year I purchased the Lonely Planet Pacific Northwest's Best Trips (Travel Guide) in order to plan a road trip from Seattle to Vancouver and then south to San Francisco. I really liked the layout of the book with the suggested itineraries, so I decided to purchase this book this year for a Northeast road trip. While the resources you will find online are incredible, the organization of this book is perfect for those of you that still like to hold a travel guide in your hands and trace out the maps in travel books.
